

PAST PERFORMANCE

Space and Naval Warfare Systems Command, San Diego, CA

- KPS has been awarded, as a subcontractor, the C4I Testing, Integration and Installation (CTII) contract supporting Navy and various other United States Government shipbuilding programs. These programs require integrated C4I capabilities to provide robust communications for operations, maritime, and flight safety and require integrated information from various communications links and sensors. The integrated capabilities will provide a given command or ship an extension of the tactical horizon, and provide threat indications and warnings. These capabilities will also provide tactical threat analysis and the capability to target the indicated threat entities. The integrated capability is made up of distributed systems that provide network capabilities, communications, command and control, intelligence, and non-tactical data.

Contract Information:

- Contract Number - N00039-14-D-0016 (\$741,966.00)
- Contract Type - CPFF
- Period of Performance - 01 November 2014 – 31 October 2019

Space and Naval Warfare Center, SSC-Lant, North Charleston, SC

- KPS has been awarded, as a subcontractor, the Navy Tactical Mobile (TacMobile) Systems engineering, test and integration contract.
